

Project Case Studies

Kuhne + Nagel Warehouse

Project Information

The first Australand and V & G Concrete project undertaken in the New South Wales with the use of full system **Hyper ArmourMate™** with **Diamond™ Dowels** and the stake and bracket setup system.

It was a good project for understanding how a steel fibre slab is poured and finished.

Location

Eastern Creek, NSW

Client

Australand

Installer

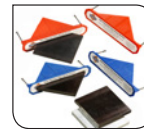

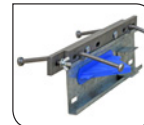

V & G Concrete

Finish Date

July 2014

Specifier

Costin Roe

Danley™ Products Used

Hyper ArmourMate™, Diamond™ Dowel
